

# Ring Sizing Guide

Use this tool to determine your ring size.

## STEP 1

Confirm that page scaling on your printer setting area is set to “NONE.”

The image shows a 'Print' dialog box with the following settings:

- Total: 1 sheet of paper
- Destination: EPSON14B1D7 (XP-620..)
- Pages: All (selected)
- Copies: 1
- Color: Color
- Scale:  Fit to page (highlighted with a red box)
- Options:  Two-sided
- More settings: + More settings

Make sure this box is unselected

## STEP 2

Print page 2 of this document.

### STEP 3

Measure the line below to ensure it is exactly 2 inches.  
 If the measurement isn't accurate, please review your print settings again.  
 Be sure you are printing full size.

### STEP 4

#### METHOD 1 - Paper Sizer

1. Cut out the paper sizer below. Make a small slit in the end for the ruler to slide through.
2. Wrap the sizer around your finger with the numbers facing out and slide the rounded end through the slit.
3. For an accurate measurement, pull the sizer tight over the widest part of your finger. This could be a knuckle.
4. Read the number that lines up next to the slit. This is your ring size.

*Tips for accurate measurement*

- \* Measure your finger later in the day when it is at its largest
- \* Avoid measuring your finger when its cold, which are at their smallest.

#### METHOD 2 - Measure an Existing Ring

1. Choose a ring that fits the desired finger.
2. Place the ring over the circles below. Match the inside edge of the ring with the closest circle. This is the inside diameter of the ring.
3. If the ring falls between two sizes, select the larger of the two.

## HELPFUL INFORMATION

### **What is the Average Ring Size in the U.S.A.?**

For Women the average ring size is U.S. Size 6.5 for Men it's U.S. Size 10.
